

Route 28 Corridor Feasibility Study

Study Goals

The goals for the Route 28 Corridor Feasibility Study are to identify infrastructure improvements that will improve travel times and network reliability within the Route 28 Corridor through Prince William County, the City of Manassas and City of Manassas Park and develop a plan to implement these improvement project(s).

Key Objectives

The Route 28 Corridor Feasibility Study has the following key objectives in addition to the project goal. Proposed alternatives were evaluated and screened against these key objectives.

1. Reduce congestion and improve network reliability on Route 28 from Godwin Drive through Historic Downtown Manassas to Liberia Avenue.
2. Reduce congestion and improve network reliability on Route 28, Centreville Road – between Liberia Avenue and Compton Road.
3. Facilitate the weekday peak period commuter flows between I-66 and the residential communities in Manassas Park, Manassas, and Prince William County.
4. Provide increased opportunities for alternative modes of travel such as travel by bicycles, walking and carpooling/vanpooling.
5. Provide improved access to transit facilities.
6. Identify improvement project(s) that have public consensus.
7. Identify improvement project(s) that avoid or minimize environmental impacts.
8. Identify improvement project(s) that avoid or minimize impacts to existing development.
9. Identify improvement project(s) that complement other Route 28 improvements currently being implemented by VDOT, Fairfax County, City of Manassas, City of Manassas Park, and Prince William County.
